

**PRODUCT NAME: LalVigne™ BOTRYLESS**

**Product Code: 35130-07-EU**

**To be used in viticulture**

**COMPOSITION:**

Chitosan of fungal origin *Aspergillus niger*.

**SPECIFICATION**

**Chemical and physical Characteristics**

Appearance	Powder
Color	Beige to light brown color
Dry Matter (%)	> 90%
Chitosan content (w/w DM)	≥ 85%
Glucan content (w/w DM)	≤ 15 %
Degree of acetylation	< 30 %
Viscosity 1% in Hac 1%	< 15 mPas

**Microbial Characteristics**

Total Plate Count (UFC/g)	≤ 1.000
Yeast & Mould (UFC/g)	≤ 1.000
<i>E. coli</i>	≤ 10
Enterobacteria	≤ 10
<i>Salmonella</i>	Absent / 25g
<i>Listeria monocytogenes</i>	Absent / 25g

**Typical analysis (heavy metal)**

Total heavy metals	< 10 mg/kg
Arsenic	≤ 1 ppm
Lead	≤ 1 ppm
Mercury	≤ 0,1 ppm
Cadmium	≤ 0,2 ppm

**DIRECTIONS OF USE:**

Check label and information data sheet.  
Do not use contents if the bags have been broken during shipping or handling.

**PACKAGING:**

1 kg bags  
10 x 1 kg boxes

**STORAGE:**

Keep out of reach of children.  
Store in sealed original packaging.  
Store preferably in a cool, dry place.  
Avoid extreme storage conditions.  
Check expired date in the packaging (48 months from production date)
